

Shooting Warsaw and Mazovia

Mazovia is situated in the heart of Poland. It is the largest region with unique scenery for filmmaking. Warsaw, the most prosperous city, is the capital of Poland. The cityscape of Warsaw reflects its rich history and provides combination of historic buildings, socialist realism style and contemporary architecture. National institutions, television broadcasters as well as most Polish film industry are located in Warsaw in Mazovia Region.

Warsaw and Mazovia provide:

- various locations
- wide range of landscape types
- large number of specialists
- experienced filmmaking companies
- modern productions and postproductions studios

Mazovia Film Fund

Mazovia Film Fund supports feature films, documentaries or animated productions, connected with the region, as a co-producer with financial contribution.

The maximum amount provided for a single project is 50% of total production costs.

An independent experts and competition commission selects films after one submission date each year (Q4). The decisive criteria for receiving financial support are the film project's cultural, economic and artistic significance for Mazovia. At least 150% of the funds received must be spent in the region.

Mazovia Warsaw Film Commission opening soon!

The Mazovia Warsaw Film Commission will be the first contact when shooting in Warsaw and Mazovia. A complimentary service by the Mazovia Region and the City of Warsaw supporting national and international film and TV productions.

- The Commission provides aid in the search for suitable locations and service providers.
- It acts as an intermediary between city and region governments and the film industry, mainly for obtaining shooting permits.
